HONG KONG COIN AUCTION

BALDWIN - MA TAK WO

THURSDAY 4 APRIL 2013
二〇一三年四月四日 (星期四)
HOLIDAY INN GOLDEN MILE
KOWLOON, HONG KONG

A. H. BALDWIN & SONS LTD

Founded in 1872, A. H. Baldwin & Sons Ltd set up their in-house auction department in 1993 and have since expanded to hold more than eighteen auctions of all numismatic material in London, New York and Hong Kong each year.

The merger of Baldwin's with Noble Investments (UK) PLC in 2005 and the subsequent acquisitions in early 2008 of Apex Philatelics, and in 2012 of The Fine Art Auction Group (comprising Dreweatts and Bloomsbury Auctions), has seen the company expand to become a formidable player at the forefront of the collectibles market.

Baldwin's comprise a world-class team of specialists and consultants who between them cover virtually all aspects of English, Ancient and Foreign coins, Commemorative Medals, Tokens and World Stamps. A. H. Baldwin & Sons Ltd is one of the largest numismatic houses in Europe and the only numismatic trading company listed on the London Stock Exchange.

The Baldwin's specialist team have worked as advisors and cataloguers of coins for some of the most prestigious auction houses in London and abroad for decades. Our extensive library, comprising thousands of reference books, allows us to research thoroughly all aspects of numismatics from Ancient times to the present day, with the main focus including English, European, Russian, Islamic, Indian, the Americas and Oriental coins, as well as commemorative medals, for auction and direct sale.

Baldwin's had a part in the establishment of the first Singapore Coin Auction in 1986, and consigned frequently over the years. We therefore were well placed to take over from Spink's when they withdrew from the original partnership in 1993. The Hong Kong Coin Auctions are numbered from this series.

MA TAK WO NUMISMATIC CO LTD 馬德和錢鈔有限公司

Ma Tak Wo has been a major player in the Asian numismatic scene for more than three decades, first as an avid collector of Chinese (including Hong Kong and Macau) coins and paper money and then as one of the principals of the Taisei group of companies which organized the highly successful Hong Kong and Singapore coin shows and auctions. In 1999, he set up the company bearing his name to take over the Hong Kong and Singapore Coin Auctions as well as dealing in rare coins and banknotes of the world and publishing numismatic books. As a principal cataloguer and auctioneer of the two auctions, an enormous number of Asian numismatic rarities have changed hands under his hammer. The company also runs the biannual Hongkong International Coin Convention & Antique Watch Fair, in which Baldwin's has an interest.

During his busy career, Ma has managed to find time to publish numerous articles in numismatic journals and author or edit the following numismatic titles which have become standard references in their respective fields:

Currency of Macau 澳門貨幣 (1987)
Struck Copper Coins of Sinkiang 新疆銅元譜 (1988)
Illustrated Catalogue of Sinkiang Gold & Silver Coins 新疆金銀幣圖說 (1988)
Illustrated Catalogue of Chinese Gold & Silver Coins, 1st to 6th Edition 中國金銀幣目錄, 第一至第六版 (1993-2008)
Illustrated Catalogue of Hong Kong Currency, 1st to 7th Edition 香港貨幣圖錄, 第一至第七版 (1995-2008)

He has been the elected President of the Hong Kong Numismatic Society from 1986 to date and was appointed Advisor to the Chinese Numismatic Society in 2008. In sum, Ma Tak Wo is a world-renowned authority on Chinese numismatics and a respected numismatist dedicated to providing professional services to the collector.

Estimate: US\$100-150

Iltutmish was one of the most powerful of the early Sultans of Dehli. He did much to consolidate the sultanate in northern India, his realms spreading also to Bengal, where local governors issued coins in his name. He was one of the so-called "slave kings", brought up and trained while slaves but able to achieve high honour. This coin type has the legend in the obverse margin: "min kharaj qanauj wa kafar". There are a number of varieties depending on the number of dots found in the segments between the double squares and circle on both sides.

- 908 **Shah Alam II (or Bedar Bakht) (AH 1173-1221 / 1759-1806 AD):** Silver Rupees (2), Murshidabad, in the name of Shah 'Alam II, Year 12, one with AH date 118(6?) partly visible, 11.63g and 11.58g. *Both very fine.* (2pcs)
Estimate: US\$100-150

These Rupees are stylistically slightly different from other Rupees of the period and have a different five-petalled flower symbol to the right of the regnal year. It is known that the French struck Murshidabad Rupees at Chandernagor during this year so it is possible that these are French rather than British issues. However, both Rupees have the crescent mark in the middle line of the obverse that the British issues also have.

- 909 **Muhammad Akbar II (first reign, AH 1203 / 1788 AD):** Silver Rupee, AH 1203, ahd (Year 1), Saharanpur, 11.05g, *Obv* titles of Muhammad Akbar II and date (KM 760; only a couple of specimens are known, see The New York Sale XXV, January 2011, lot 381 and Baldwin's Auction 45, 2006, lot 1341). *Good very fine and extremely rare.*
Estimate: US\$1,500-2,000

The Hijra year 1203 was a period of turmoil and change for the Indian Emperors. It saw the rule of Delhi changing from the hands of Shah Alam II to Bedar Bakht, from Bedar Bakht to Muhammad Akbar II and from Muhammad Akbar II to Shah Alam II again. The young Prince Akbar II was enthroned by the Rohilla chief Ghulam Qadir. Mirza Akbar Shah wrote to Nawab Faizullah Khan: "...on 14th Muharram (15th October) the imperial throne was illuminated by our august accession and the sound of the kettle-drum of felicitations reached the ears of the inhabitants of earth and the world above ... the face of Gold and Silver coins shone brighter than the sun and the moon by the effluence of the impression, of our name on them". This reign was very short lived when Ghulam Qadir ran away and Mahadaji Scindhia captured Delhi to reinstate the blind emperor Shah Alam II to the throne on 17 October 1788.

It is very interesting to note that the emperor has left us a written record of the fact that *Khutba* was read and coins were struck in both gold and silver for such a short reign and that both such coins have been discovered.

For detailed discussion of the event and coinage of the puppets see the article by Dr Shailendra Bhandare "Muhammad Akbar: A pawn in politics: the first reign" ONS Newsletter 175, Spring 2003, pp.18-30

- 911 **East India Company (?) / Awadh:** Gold Mohur, in the name of Shah Alam II, AH 1187, Year 15, 10.76g, *Obv* Shah Alam's legends with royal umbrella, *Rev* usual *julus* formula with Year 15, fish mark and mintname Allahabad. *Very fine and extremely rare.*
Estimate: US\$3,000-4,000

At the accession of Shah Alam II, the city and fortress of Allahabad was in the possession of the Nawab Vizier of Awadh. From 1765 to 1771 the Mughal Emperor was in residence in Allahabad. The Allahabad coins normally belong to the East India Company from AH 1198 onwards.

The introduction of fish mint-mark on the coin is interesting because such a mark appears only on the East India coins of Year 25 and 26. This mark has not been found on any other coins of Allahabad. For historical accounts see KM 12th edition, p.1193.

There are no known gilt-gold examples of this issue (as some catalogues report). This was the time of a very serious interest in the 18th century "Conder" tokens, of which many were made for collector use only. The Soho Mint was producing a number of gilt proof examples of these tokens and one can imagine all Soho products being made available in gilt proof.

Conditions of Sale

1. The highest bidder for each lot shall be the buyer thereof. In the event of any dispute, the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the disputed lot.
2. The auctioneer shall have the right, at his absolute discretion, to refuse admission to his premises or attendance at his auction by any person and to require any person to pay a cash deposit before issuing him or her with a bidder number.
3. The auctioneer shall have absolute discretion to divide any lot, to combine any two or more lots, or to withdraw lots from the sale without giving any reason. The bidding shall be regulated at the absolute discretion of the auctioneer who shall have the right to refuse any bid or bids.
4. All lots are put up for sale subject to any reserve price that may be imposed by the seller. The seller shall not bid on his own property, nor employ any person to bid for him and the auctioneer alone shall have the right to bid on behalf of the seller up to the amount of any reserve. Should the reserve price be considered unreasonable by the auctioneer, the consignor is subject to at least five per cent (5%) commission on the reserve price if the goods remain unsold plus insurance charges.
5. Bidding commissions for anyone unable to attend the auction in person may be carried out by the auctioneer without charge, but "buy" commission will be accepted if the auctioneer is given absolute discretion.
6. The buyer of any lot shall immediately notify his name and address to the auctioneer and, if required, (a) provide bank or other credit references, and (b) pay the full purchase price, or a fractional deposit as may be determined at the discretion of the auctioneer.
7. Lots are sold as shown with all faults, imperfections and errors of description. Neither the auctioneer nor the seller shall give any warranty to any buyer in respect of any lot, or be liable for any fault or error of description, or lack of genuineness or authenticity of any lot. All statements as to the items sold, whether made in catalogues, during the course of the auction, or otherwise, are statements of opinion only, and are not and shall not be taken to be statements or representations of fact. The auctioneer reserves the right in forming his opinion, to consult and rely upon any expert or authority considered by him to be reliable. Notwithstanding the foregoing, if any lot should be proved by the buyer to be a forgery or re-print, or to have been wrongly described in any material respect, the buyer may reject the same, provided that he shall have given notice of his intention to do so and shall have returned the same to the auctioneer within fourteen (14) days from the day of the sale. Under no circumstances will the auctioneer be liable for any costs, expenses or damages incurred by the buyer in respect of any lot, including, but not limited to, loss of any kind of profit whatsoever. Bidders are advised to scrutinise the lots they bid for.
 - The auctioneer guarantees all items offered in the catalogue to be genuine. Claims to the contrary must be made in writing within fourteen (14) days after receipt of materials.
 - Questions on a coin being a proof or business strike relate to method of manufacture but not authenticity.
 - No lot may be returned after thirty (30) days after the sale.
8. The auctioneer acts solely as an agent and shall not be responsible for any default by either the buyer or the seller or for any action or claim which may arise in respect of any lot.
9. Buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The auctioneer cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneer's premises.
10. The Auctioneer does not automatically accept the opinions of commercial third-party grading services. Refusal of such a service to grade a coin, or a difference of opinion on the grade of a coin, is not acceptable grounds for the return of a lot. Statements and opinions formed by third-party grading services based on their own independent research do not affect the auctioneer's rights and conditions.
11. The auctioneer will not hold himself responsible for the safe custody of any lots left for more than seven (7) days after the date of the sale, and reserves the right to charge storage and to re-sell by auction or privately, and without notice to the buyer, any lots not removed from its premises within seven (7) days from the date of the sale. Buyers shall not be entitled to remove lots from the auction room during the course of the auction.
 - No lot may be returned without the consent of the auctioneer.
 - If the auctioneer agrees to the return of any lot, it must be contained in its original, sealed and unopened container.
12. Each lot shall be at the buyer's risk from the fall of the hammer.
13. Any part of the purchase price left outstanding after the auction pursuant to Condition 6, shall be paid in full within seven (7) days of the date of the auction though the auctioneer may, at its absolute discretion, agree terms for credit with the buyer. Without prejudice to any other rights, the auctioneer reserves the right to charge interest on any overdue payment at the rate of 2.5% per month. All personal cheques must clear before delivery can be made, unless prior arrangements have been made with the Auctioneer. Payment by credit card shall not be accepted for auction purposes.
 - Late payment for any reason is just cause for revocation of all return privileges.
 - The property in a lot shall not pass to the buyer unless he has paid the purchase price in full.
14. Buyers accepting commissions from other parties do so at their own risk and will remain responsible to the auctioneer for full settlement according to these Conditions.
15. By making a bid the buyer acknowledges his acceptance of these Conditions and shall be bound by them.
16. If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the auctioneer be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneer's expenses and commissions in respect of the resale and the amount (if any) by which the price obtained on the resale is exceeded by that obtained in the first sale.
17. A variation of these Conditions shall only be binding on the auctioneer and the seller if it is made in writing and signed by a duly authorised representative of the auctioneer.
18. In these Conditions, the auctioneer means Baldwin-Ma Tak Wo.
19. These Conditions shall take effect and be construed in accordance with the provision of Hong Kong law.
20. **A "Buyer's Premium" of eighteen percent (18%) is charged on the hammer price, but there is no additional charge for executing bids.**

Advice to Postal Bidders

1. Return your commission forms sooner rather than later, as bids are recorded in the order that they are received. Where two bids are received for the same amount, the bidder whose commissions arrived first is the buyer, subject, of course, to bids from the floor.
2. If you are late with your bids, fax or email them to us. Telephone bids can be accepted, although we would ask for the bid figures to be confirmed in writing as we cannot accept responsibility for mistakes.
3. All commissions are handled in the strictest confidence and, if successful, the lot is sold to the "book".
4. The auctioneer will normally increase the bidding in 10% jumps. We would ask postal bidders to keep their bids to the nearest multiple of US\$5 or US\$10. Bids of US\$101 will be treated as US\$100, and similar "odd" amounts will be rounded down to the nearest actual bid at the auctioneer's discretion.
5. It is important to realise that we will try to obtain the lot bid on for the lowest possible price, and we fully appreciate the fact that the bids given are the maximum figure that the bidder is prepared to pay for any lot.
6. We are happy to handle bids for customers who are interested in a number of lots, but wish to spend only a limited amount of money. Bidders are advised to mark their bids in the usual way and then clearly state the maximum amount they wish to spend.
7. In a similar way, if bidders wish to bid on a choice of two items, they should clearly mark on the commission form "either/or".
8. Please remember to give full details as to how the lot or lots are to be dispatched. Successful bidders will be sent an invoice immediately following the auction, and the general rule is that this must be settled in full before the item or items are dispatched. Insurance and postage are to be borne by successful bidders.
9. If there is any query before an auction about any item in the sale, or regarding a method of bidding, remember we have several overseas offices which can assist, and we are only a telephone call, fax or email message away.
10. A "Buyer's Premium" of 18% is charged on the hammer price, but there is no additional charge for executing bids.

Miscellaneous

Commission Buying: All commissions handled by Baldwin-Ma Tak Wo are treated in the strictest confidence and are "knocked down" to the "book".

Estimates: The figures in the list printed below each lot are the auctioneer's estimation of the expected price and are published as a guide for buyers.

Prices Realised: A list of prices realised will be sent to bidders and consignors only. Others wishing to receive copies are asked to send in US\$2 (or the currency equivalent) in cash. The auctioneer regrets that it is impractical for accounts to be charged for such a small amount. No list will be sent without full payment.
